

Due to having issues with collecting dues, the rule for paying dues has been changed.

1. All dues must now be paid before the beginning of each team's Week 5 match. Any player not having their dues paid by this time will be ineligible to play until their dues are paid. The ineligible player will not appear on the handicap sheet and will not be an available option to select on match reports.
2. Dues may be taken to the VFW Boone Dam and dropped off with BJ Long or may be taken to Action Athletics located at 889 W Center St, Kingsport, TN and delivered to Tracy Rafalowski. Also, dues can be paid to any council member. For a list of council members refer to the GTCDA website homepage listed under GTCDA Officials.
3. When an ineligible player pays their dues they will immediately become an eligible player once again and will become available to select on match reports and will appear on the handicap sheets once again.
4. Any player being added after Week 4 must have their dues paid **BEFORE** being added to an active roster and playing in a match.
5. If any team does not have at least 3 eligible players (players who have paid their dues) after Week 4 they will automatically forfeit any matches scheduled to be played before having the minimum number of players who are eligible.
6. Any team found playing ineligible players will be penalized with a forfeit for all matches the ineligible player(s) was used in and the team captain will be put on probation for a period of 1 year for rules violation and will not be eligible to be a team captain during this probation period.
